OUTREACH MEETING
WINDELLAMA HALL
Tuesday 12th July 2011

Please join the community of Windellama to put your views to Council, regarding the rumoured plan to bring the Main Road 92 extension across the Shoalhaven River along Oallen Ford Road. This decision affects us all, for better or worse.

Whether you are for or against the proposal, it is important to put your point of view to Council. This may be your best opportunity.

Windellama SES First Aid & CFR

We had one call out this month (good).

There have been days lately that we have not been able to fulfil our duty as Community First Responders. The reason for this being, that we do not have the support from the community, in as much, that there are not enough people who are willing to join our "unit".

You can see that not a lot of time is asked by any individual, with only one call out last month, but we are required to be there when activated by the Ambulance Service.

No one can guess when that will come. If it was not for the loyal support of those who are available in our present structure, the district would be the poorer. Illness and family troubles have also posed problems to these people.

I personally, have not been able to give much support, due to the serious illness of my wife, Joyce, over the past 4 weeks. I have however been on call during the night, when not required at the hospital, that is.

We do have 4 people going to their C.F.R. Training this weekend, 18/19th and for 3 more days after that. A big thank you to those people. One thing to remember is, that another course will be given at about the same time next year, or sooner, if we could have enough volunteers.

Thank you, Kevin Muffet, Team Leader

Long Term Waste Disposal

Council is investigating its available options for the long term disposal of waste within the Goulburn Mulwaree area, and will call for expressions of interest from relevant companies.

Council operates three Waste Management Centres at Goulburn, Marulan and Tarago. The current life of the Goulburn Waste Management Centre is 2027, and while Council has the capacity to expand the Goulburn landfill to Council land adjacent to the site, this would involve a complex approval process. There are a number of current and proposed waste facilities in the region that may offer opportunities for waste disposal.

How do you BBQ?

Vicki's Kitchen

Dear Readers,

One of the Editors of this august publication (Denise Johnson) asked if I would care to share some of the 'tried and true' recipes I have cooked over the years for family and friends. Of course I said 'yes'.

So, here goes. Firstly, two easy meat dishes for these cold nights from ……..
Vicki's Kitchen

STIFADO *(serves 4)*

1kg stewing steak (chuck, brisket)
2 tbs flour
1 tbs butter
2 tsp olive oil
2 bay leaves
3 garlic cloves, finely chopped
2 cinnamon sticks
half nutmeg, grated
4 whole cloves
1 tsp ground cumin
750g small onions, peeled and scored
2 tbs red wine vinegar
400g tin tomatoes (crushed)
2 tbs tomato paste
100ml red wine
1 tbs white sugar
Salt and pepper
4 tbs finely chopped parsley

Heat oven to 150℃. Cut beef into large cubes – about 4cm chunks and coat lightly with flour.

Heat butter and oil in a large ovenproof casserole and brown the meat, a few pieces at a time, on all sides. When browned, return all the meat to the pan, add the bay leaves, garlic, cinnamon, nutmeg, cloves and cumin, tossing well for a minute or two.

Add the onions, vinegar, tomatoes, tomato paste, wine, sugar, salt and pepper to taste and enough water or stock to cover the meat.

Bring to the boil, cover, then transfer to the oven and cook for 2 ½ - 3 hours or until tender, stirring occasionally. Scatter with parsley and serve with noodles.

P.S. This casserole freezes well.

Baked Sausages, Fennel and Tomatoes

(serves 4)

3 red onions
4 Roma tomatoes
1 large fennel bulb
handful of thyme sprigs
handful of rosemary sprigs
1 tsp fennel seeds
2 tbsp olive oil
salt and black pepper
6 pork sausages, pricked
150ml white wine or water

Preheat the oven to 200℃. Peel the onions and finely slice into rounds. Cut the tomatoes in half lengthwise. Cut the fennel vertically into eight wedges, keeping a little bit of the base on each piece to hold it together. N.B. Have found that the fennel does not cook properly when put in raw – suggest cooking slightly in boiling water.

Arrange in a roasting pan and toss with thyme, rosemary, fennel seeds, olive oil, salt and pepper. Tuck in the sausages, add the wine or water, and bake for 45 minutes or until well browned, turning the sausages once in that time. Serve the sausages on the vegetables.

You may, of course, use your favourite type of sausage. I sometimes use a seasoned pork sausage.

P&C FIREWORKS: CRACKING SUCCESS

The fantastic P&C at Windellama PS ran another very successful fundraiser on the June long weekend. The traditional 'Cracker Night' was held as well as a very successful community auction. The school and the P&C are indebited to the many donors and sponsors of the day. It was great to see the Windellama community support the school so generously!

WORLD VISION SMILES DAY

The students of Windellama have a Student Parliament which operates as the student leadership system for the school. During parliament meetings students discuss and propose new 'laws' to make the school a good place for students.

At a recent meeting, the students agreed to donate $500 to World Vision to help poor communities in third-world countries. Some of money was raised from the generosity of families and friends on Smiles Day on 27 May. The students also agreed to use some of their Easter Fair money to boost the donations up to $500! What a generous bunch of kids!

PLAYGROUP IS 1 YEAR OLD!

The Windellama Playgroup, which meets every school Thursday, has been in operation for 12 months and going strong! This free service to mums, bubs, toddlers and pre-schoolers is supported by the school and the SACC at Goulburn PS.

Winter is upon us, but it seems to have been here for a month at least.

We will give everyone their winter ADE vitamins and Cod liver oil shortly. Guacho has had runny eyes and a cold so has had his and some Vitamin C.

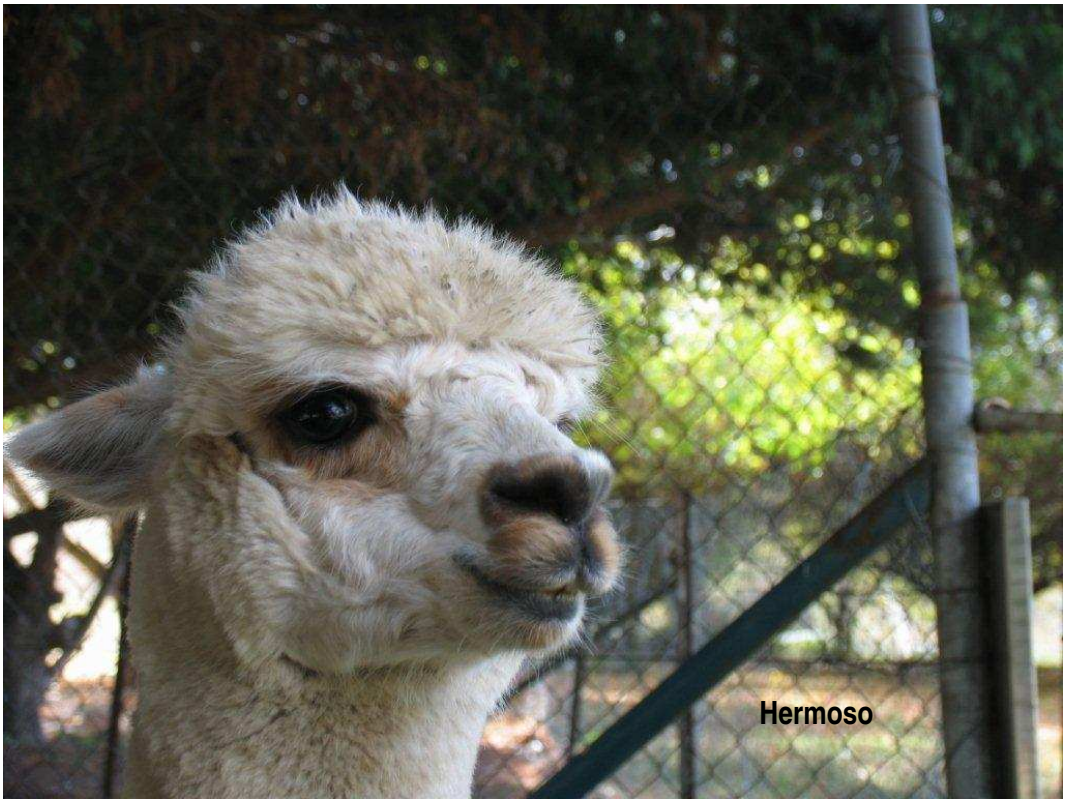
Quetzalcoatl went to the Otway ranges to his new home and has settled in well with his companion, Chaucer, another stud. His nickname is Ku Kuul. He did his first ever mating with Daisy and seemingly she has proved pregnant first go, trust the La Granja creatures!!

Everyone else here is very healthy. My robin has come back after the summer somewhere cooler, to visit for another year. He likes to look at himself in a mirror we have on the verandah. We have also had the black cockatoos visiting in our pine trees, I love their calls.

Ku Kuul's first mating

I did not take fleece or my book to the Epic alpaca show this May but went as a visitor.

Going to see the Dalai Lama, which I am looking forward to very much. About the fourth time I have been to one of his talks.



Hermoso

Have been busy putting Alpaca poo and poplar leaves around the orchard fruit trees. Must be good for them judging by our bumper crop of pears this year.

Advice and my book available upon raising that gorgeous creature the Alpaca Holistically and with compassion.

Namaste, Joy.
