

**WINDELLAMA PROGRESS  
ASSOCIATION HALL Inc.**

**Report from the meeting  
conducted on Monday 17th July**

There were enough members present for the meeting to go ahead.

Gary read the market report and they are still proving to be profitable with many people enjoying the social atmosphere .

The progress of the extension was discussed.

The suggestion of a sail out over the bar window was discussed and decided to go ahead, prices have been obtained and a decision as to size will be made at next meeting.

Three more plastic topped tables will be purchased.

The ideas for the Hall's anniversary were printed last newsletter, so please get your ideas to Frances on 48445157.

Raffle tickets in the bike are now available and these can be organized by ringing Frances .The raffle will be drawn at the Field Day so we need your support to make it successful.

**NEXT PROGRESS MEETING WILL BE  
21<sup>st</sup> AUGUST 2006**

SHIP INN, BUNGONIA

The Undersigned begs to inform his friends and the Public, that on the 1st. July next he will open the above Inn in the House formerly known as J. G. Lynch's General Store, and hopes by the strictest attention to everything that can conduce to the comfort of Travelers to secure the Partonage of all who may once honour him with a call.

The best of Fodder for Horses at all times. Neighbouring settlers supplied on reasonable terms, with Wine, Spirits, Ale, and Porter, in any quantities of the very best description, such as the Store was famed for supplying.

## Are You a Weed Remover, Pasture Improver?

Keeping weeds out of pasture is a constant battle. They reduce levels of desirable species, pasture quality, animal production and ultimately income. While once weeds were thought to be responsible for pasture decline, it is now widely accepted that they are the result of it.

Completing this workshop will enable you to achieve more productive pastures through weed management using a wide range of cost-effective tools. At only \$50 (for course training materials), these two-day workshops are excellent value.

The EDGENetwork® weed removers, pasture improvers workshop focuses on balance rather than simply spraying weeds. Effective weed control in pastures requires a 'whole-of-pasture' approach. It's about both suppressing weeds and strengthening the ability of pastures to compete against weeds.

The two-day workshop is about managing pasture composition to maximise opportunities for the desirable species, and to make life as difficult as possible for weeds. While not essential for attendance, those people whom have previously attended PROGRAZE® or BeefCheque/LambCheque will find the pasture assessment skills beneficial in this workshop.

You will enjoy this workshop because it is delivered in a practical and balanced way involving paddock sessions, theory presentations, groups discussions, individual and group activities. It is interesting and enjoyable, but most importantly, it will help you to achieve outcomes for your farm business.

**A two-day workshop will be delivered at Windellama Hall**  
**Day 1 - Tuesday 1<sup>st</sup> August,                      Day 2 - Tuesday 15<sup>th</sup> August**

Previous Cooma district agronomist and agricultural consultant, Stuart Burge, will deliver the training with support from Landcare Coordinator, David Rush.

Weed removers, pasture improvers workshops are provided by the Upper Shoalhaven Landcare Council and the Southern Rivers CMA with National Landcare Program funding.

**Bookings are essential - ring 4842 2594 to register.**  
**Contact David Rush on the number above to find out more.**

## SHAME

After finally getting the wonderful service of Eddie James at "The Tarago Mini Transfer Station" who is doing a fantastic job cleaning, sorting and helping us all it is a shame that some members of the public can't wait for the four out of seven days the tip is open to dump their garbage.

During the week of the 11<sup>th</sup>, 12<sup>th</sup> & 13<sup>th</sup> of July a massive amount of garbage was left outside the gate. Unfortunately the crows, birds, 'roos etc. managed to spread this load far and wide.

The ever diligent Eddie cleaned up the mess which included hypodermic needles, general garbage and a large amount of personal ladies items. Needless to say this was not a pleasant experience for Eddie.

There is a penalty for illegal dumping of garbage and plans are underway to install a security camera to help catch the dumpers and to prosecute them. It is a shame that we as a community cannot feel pride in our district and help keep the area clean.

Please try to utilise this facility on the four days it is open and set an example for others.

On another note the dumping of dead animals cannot be held here as there is no way of burying them. Marulan tip has this facility, but due to the level of our tip and the proximity of Lake Bathurst, being in the Sydney Water Catchment Area, this is impossible here.

## Xmas In July

The Windellama Garden Club Xmas in July was once again a social and financial success. The 90 guests all enjoyed a delicious three course meal with refreshments, before and during.

The Hall looked wonderful, decorated tables in Xmas red and green theme, with glass centre pieces tastefully done by Colleen and her helpers, also the xmas tree hung with decorations.

The walls were adorned with paintings from local artist Pauline Dixon.

We had a well stocked stall with home made goodies to eat and hand sewn gifts. Bruce was there with his wine tasting and olives.

Santa made his entrance after lunch to the delight of the children there, who all received bags of sweets, along with the adults.

After a sing-a-long with the pianist and the drawing of the raffles, the day came to an end, grateful guests boarded their buses for home.

## Regional Sports Facilities Grants now open

Katrina Hodgkinson, Nationals Member for Burrinjuck advises that the Guidance Notes and Application Forms for the 2006/07 Regional Sports Facility Program are now available.

The program, which is run by the NSW Department of Sport and Recreation, provides funding to enhance the range, availability and quality of sport and recreational facilities throughout NSW.

"Local Councils and 'not for profit' sporting or recreational groups can use this funding to construct facilities like a new cricket ground or to upgrade existing sporting or recreational facilities," Ms Hodgkinson said.

"Grants of between \$30,000 and \$200,000 are available under this program on a dollar for dollar basis."

"The merit of the applications will be considered on a state wide basis."

**The closing date for applications is  
31 August 2006.**

"Application forms and guidance notes can be obtained by phone by calling 131302, through the internet at [www.dsr.nsw.gov.au](http://www.dsr.nsw.gov.au) or by telephoning my Electorate Office on freecall 1800 002580," Ms Hodgkinson said.

## Windellama SES First-Aid

We have had a busy time over June and July with both the cycles and rugby mostly on the same day, which really stretched our resources.

Although we have a break over the school holidays, and then we are back into it.

With the rugby, Pauline Fathers and the Cancer Appeal day for the Windellama Garden Club, so another busy weekend coming up.

We are still looking for new members, so if you are interested please give me a ring on 4844 5506 or Kevin on 4844 7143.

'Til next time, stay safe.

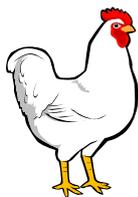

Graeme McFarlane

## KINDERGARTEN /YEAR 1 EXCURSION TO CANBERRA

The K/1 class went on an excursion to Canberra. They went to the Dinosaur Museum and to Cockington Green. The children asked lots of questions at the Dinosaur Museum and they loved the train ride at Cockington Green. K/1 will be learning about Dinosaurs this term.

## SCIENCE

This term we will be working on lots of science activities. The children in Years 2 – 6 will be participating in the Science Challenge. They will be completing some experiments at school and registering answers to questions on the Internet.

Everyone will be involved in looking at alternative energy sources. As part of a Federal Government grant our group of Small Schools is working with some people from Questacon on making a wind turbine that will be able to power a pump and some lights.

They have given us some gear to measure temperature, wind speed and direction and rainfall. We will be recording the results. The people from Questacon will be coming to work with the children at school during the term.

We will also be testing some items to see if they are biodegradable.

## KINDERGARTEN 2007 ORIENTATION

Orientation will begin this term for children who will turn 5 before 31<sup>st</sup> July 2007.

This is a great opportunity for the children to participate in school activities and to prepare them for a smooth start for next year.

**The dates for Term 3 will be Friday 21<sup>st</sup> July, 4<sup>th</sup> August, 18<sup>th</sup> August, 1<sup>st</sup> September and 15<sup>th</sup> September.**

Please contact the school if you would like your child to participate in the Orientation Program.

## THE AFTERNOON SHOW

Our fantastic Afternoon Show is run by the students three times per term. The children entertain the audience with songs, dance, jokes and even the weather.

They also receive awards.

The Shows for this term will be on Wednesday 2<sup>nd</sup> August is the first for this term, then 23<sup>rd</sup> August and 13<sup>th</sup> September at 215pm.
